

## **Member Update**

### ***COVID Incident Update - Limited F&B on 1/8***

Club food & beverage operations will begin to reopen tomorrow, Fri 1/8. The 19th Hole will be open from 11am-6pm, serving a reduced menu. The same hours/menu will be repeated on Sat & Sun. The Grill will remain closed through the weekend. The limited hours/menu are necessitated by the limited number of staff whom are completely through their COVID testing protocol.

We're still at two positive tests, now with 13 negative tests, though some of those with negative tests are still waiting on a second test to confirm their initial results. The affected staffers are both doing well, with no fever or breathing difficulty. Members waited on by the two positive staffers on 12/30 or 12/31 have been contacted individually. Thank you for your continued support and understanding. If you missed earlier club emails on the matter they are [here](#), [here](#) and [here](#).

### ***Golf***

**NEW - Recruiting Girl Golfers Grades 7-9 for Rotella Academy**

- The Rotella Academy continues to grow and is aiming to develop an all-girls group. We're initially targeting grades 7-9, but welcome other girls interested in golf instruction in general or the Rotella Academy specifically. The Academy includes group and individual instruction led by Bill Fedder, group sessions with Dr. Rotella and on-course practices. Athletic skill and a positive attitude are more important than baseline golf skill in being considered. Email [Bill](#) for more info.

**NEW- Superintendent's Update** - We've installed mats (similar to those used on the range) on the white & yellow tees of #11 & 16. Please take advantage of them--you'll get a perfect lie every time, and the course will thank you come spring. #4 & 7 will go without mats as those are larger teeing areas so we can move daily tees around to spread out wear. We're continuing to apply small lime pellets around the course. This is a natural mineral which neutralizes soil acidity, improves turf structure, promotes healthy bacteria and enhances nutrient availability and disease resistance. You may see some overspray in the bunkers which will dissolve in the next rain.

**Reminder - Lost & Found** - We've made a New Year's resolution to clear out our lost & found stash; additionally we'd like to encourage members to also clean out their own golf closet/garage stashes for a worthy cause. At the club we mostly have head covers and towels, along with a few clubs and some outerwear. Email [Jack](#) to inquire about anything you're missing. What's not claimed by 1/31 will be split into two categories: golf equipment and clothing. Equipment will go to the First Tee, and clothing will be distributed among local shelters. If you have anything you'd like to donate, drop it by the Pro Shop before 1/31 and we'll add it to our pile.

### ***Fitness, Swimming & Racquets Reminders***

**Slow Flow Yoga** - Join Mary every Thu at 10am for a new "Slow Flow" yoga class. Appropriate for all ages and skill levels, we'll focus on mindful breathing and movements designed to improve flexibility, balance and alignment. In the Ballroom, limited to nine participants, email [Mark](#) to sign up.

**Fitness Classes** - Start the new year with a new workout routine. The current schedule for fitness classes is [here](#), and personal training is available, email [Mark](#) for details.

**Jan/Feb Tennis Lesson Special** - Special winter rates for lessons with Mark, only \$50 per hour for one or two players. [Email](#) to set up a time.
