

## Member Update

### *Golf*

**NEW - Superintendent's Update** - While the dry weather holds we can get heavier machinery on the course so we've been working on clearing dead trees, mostly victims of the Emerald Ash Borer, plus a pine by the 3rd green. We've also reseeded several areas under trees (#11 & 16 below left and right). While generally out of play, please avoid walking on them and treat them as ground under repair. This provides free relief.

**NEW - Mission Impossible - Sun 10/25** - In case 2020 has not brought you sufficient challenges, come play with pins set to maximum difficulty. All holes are changed to par 3s, Captain's Choice, teams of four, sign up as a team or individually and let the pro shop pair you up. Instead of a shotgun as in years past, this year it'll be a tee time event, email [Jack](#) to register. \$10 per person, with all money going to prizes.

**NEW - Late-Fall Junior Mini-Series** - Bill Fedder presents a series of weekly

small group clinics for juniors. Each week's session will focus on different skills, using both structured formal instruction and fun, game-based learning. Ages 7-9 meet Wed or Fri from 3:30-4:30pm. Ages 10-13 meet Tue from 3:30-4:30, or Fri from 2-3. \$90 per child for members. Runs from 11/2 to 12/4, minus the week of Thanksgiving. Space is limited so [sign up](#) soon.

**Reminder - Save the Dates -**

- Silver Eagles Closing - Tue 10/27
- GWGA Closing - Thu 10/29.

**NEW - Victory!** - Members David Rathburn, Ron Baellow, Tom Desimini & Ted Meissner teamed together to win this year's Martha Jefferson Presidents Cup "orange ball" gross division. It's a fun format where team members alternate playing the official orange ball on each hole and loss of the ball eliminates the whole team. They combined for an 82, winning by two.

**NEW - The Captain's Putter** - These annual matches pit top players from the VA and WV Golf Associations against their counterparts from the Carolinas. The matches mirror the Ryder Cup format and are 10/22-24 with the Greenbrier hosting this year. Two on the VSGA team cut their teeth here at Glenmore, Tim Pemberton & Dustin Groves. It takes a full year of stellar play state-wide to qualify, so congratulate them and wish them luck if you see them around the club.

**NEW - Pro Shop** - Rhoback's new fall line has arrived, including high performance long sleeves and Q-zip pullovers for both men and ladies.

**Tennis**

**NEW - Regional Junior Events** - The club is hosting USTA junior events the weekends of 10/24-25 and 10/31-11/1. Parent and player traffic is limited so

please keep that in mind if you'd like to stop by. Court reservations will be available for member play, please email [Mark](#) in advance.

### ***Pool & Fitness***

**NEW - Family Pool Heater** - The bulk of the installation was completed on Wed after being delayed from Mon due to weather. There is still some new pipework to run, which, once complete, requires 24 hours for the PVC adhesive to fully cure, then it will take a few days beyond that for the pool to come up to temp.

#### **Reminders -**

- Personal Training is again available. Instructors will be wearing masks and socially distanced. Email [Mark](#) for details. Info & schedule for weekly fitness classes is [here](#).
- Please be sure to clean equipment when done and return it to where it belongs. This includes dumbbells, step tops, kettlebells, etc.
- The family and toddler pools are closed Mon-Fri, with the adult pool remaining open on those days for members age 21+. All three pools are open Sat/Sun from 11am-5pm, with reservations required. If you leave a message for a Sat/Sun reservation, please consider it confirmed if you don't hear anything back. Access to the adult pool Mon-Fri is first come first served through the same physical key system used last season, no reservations required.

The race has gone virtual for 2020. More info and sign up [here](#).

out jogging. Once travel returns to normal they're looking forward to a trip to Italy, in the meantime they'll settle for dinner and drinks outside
