VA Rollback - New restrictions are now in effect. The maximum permissible gathering size dropped from 25 to 10, and everyone age 5+ is required to wear masks indoors when not actively eating or drinking and outdoors when coming within 6 feet of other people. As we close before the new curfew of 10pm, restrictions on F&B operations are unchanged, though we expect to see increased enforcement so please take the mask rule seriously.

Fitness Classes - There have been some questions regarding how this rollback affects fitness classes.

- All in-person classes are now capped at 10 people (9 participants + 1 instructor).
- RSVP for in-person classes this week by emailing [Mark](#). Depending on demand, we might move to an online RSVP system. The current class schedule is [here](#).
- We are currently offering a Yoga Nidra class via Zoom every Thu at 8:15pm. Depending on demand, we may add more Zoom classes.

- Everyone is required to wear facial coverings to and from all fitness activities. This includes classes being held in the ballroom and member use of the fitness center. Face coverings can be removed only while actively working out.
- Email [Mark](#) with questions or other class or fitness requests.

Outcome of Glenmore Hosted Drive Fore STEM - Two local tech companies, [Willow Tree](#) and [Innovative Software Solutions](#), held a charity outing at the club in September. This was a new, first-year event which was planned in only two months and still raised \$35k+ for a great cause. A portion of that money was used last week to surprise three budding engineers in Charlottesville High's AVID (Advancement Via Individual Determination) program with new laptops and scholarships for a summer '21 STEM camp at UVA.
