

Member Update

Expect more frequent communication over the next week with lap swimming and outdoor dining opening today (with restrictions). This update repeats much of the information from the Thu afternoon announcement with a couple additions: age limits on lap swimming and some new golf course gear. Also note the club flag is lowered today in observance of Peace Officers Memorial Day.

NEW Swimming Age Limits - Initially the pool is limited to 18+ years old. We'll reassess that early next week. We've got a lot of great kids at the club, including many who are skilled and highly disciplined competitive swimmers. Once we get some repetitions with our new systems and observe demand we'll be in a better position to address this. In the meantime if parents and those under 18 could be patient we'd be grateful.

NEW Range Balls, Flags and More - Supply chain interruptions even hit the golf ball world, but we are now in possession of new range balls, flags, and some other goodies that geek out the golf operations and maintenance teams.

Outdoor Dining Comes to Glenmore

(lots of info, pardon the length)

Beginning today, Friday 5/15 Virginia businesses are permitted to offer outdoor dining at half capacity. We have several areas we can do this, but have decided to start with the terrace off the ballroom which enables us to start simply while being close to the kitchen.

We've tented the terrace and set up easily cleaned tables and chairs. We're working off a plan for this weekend then we'll reassess what needs attention. A manager will be here throughout the weekend during dining hours to deal with

unforeseen issues that arise. Also suggestions@theclubatglenmore.com is a good place for constructive input.

Hours - We'll be open from 11:30am to 8pm Fri, Sat, and Sun, then closed Mon. We'll announce hours for next week on Mon.

Menu - We have simplified and streamlined the [current menu](#). We were working on a seasonal menu update which we're delaying so as to have fewer distractions. We are going to try menu boards instead of handing menus back and forth. If you cannot see the menu please alert your server and we'll accommodate with a disposable paper menu.

Reservations - Maybe you're all itching to get out to eat. Maybe you'll all wait to see how the reopening goes. Since we cannot know, we have to plan for the harder scenario which is being in high demand. Consequently, reservations are a must. Call 434-817-0507. Reservations at this time require a meal, not just cocktails. If you want to just have drinks you can leave your name when calling in and we'll try to be in touch if there is a slow time when we can easily accommodate.

Group Size - Even if you are a family of more than 10 the bad news (or good perhaps for the teens) is that you cannot all sit at one table. Anything over 10 we need to break up. Reserve early, explain clearly, and be understanding as we do our best to seat you near one another (or perhaps far from one another if you need more than social distance after months of lockdown).

Spartan Theme - We're focusing on sanitization and basics. The tables will be our indoor tables that flex in size and are easily cleaned and sanitized. The chairs are the newer wooden banquet chairs with no cushion, again for sanitization. If we were opening an outdoor restaurant these would not be the tables and chairs we'd use, but we're improvising in a very fluid environment.

Arrival - Please go directly from the parking lot to the ballroom terrace. A host station is set up at the parking lot end where you will check in. If the host is not present please wait there while maintaining social distance from any other parties. Before seating you the host will ask you a few standard [CDC screening questions](#). In the unlikely event any of these apply to you please do not make a reservation as we cannot accommodate you.

Restrooms - Ballroom restrooms will be unlocked. Access those ONLY through the section of the ballroom closest to the parking lot. The center section is a PPE fulfillment operation we are helping Rhoback with, the other end is our kitchen access and a reserve of extra sanitized chairs.

Check - If the check needs splitting please let your server know when you sit down. We will not present checks when dining. Review your bill online and let us know if anything doesn't look 100% correct. If you wish to leave extra gratuity let your server know.

Congregation - This is the biggest no-no. Even if you are "quaranteaming" with your neighbors and have expanded your family to include everyone in your cul de sac, at the club please swap hugging and high fives for waves and social distancing. Whatever your personal beliefs, our staying open depends on us complying with the new safety regulations. Cavalier behavior risks our health department permit so we cannot tolerate it. The only thing we want less than to have to chat with a member about this is to have to talk to a sheriff or health inspector. So please – have fun, but keep it physically distant and respectful.

Fitness Swimming Opens Today, Friday 5/15

The six lanes of the family pool will open for lap swimming only.

Attendants - Normally fitness swimming would be DIY and unguarded. Given the situation we're going to have people present throughout.

Hours - Fri is 9am-6pm, with 6pm being the end time not the last start time. Sat/Sun will start earlier with the same end time, 7am-6pm. Unless we announce otherwise 7am-6pm will be the ongoing hours for next week.

NEW Age Limits - Initially the pool is limited to 18+ years old. We'll reassess that early next week. We've got a lot of great kids at the club, including many who are skilled and highly disciplined competitive swimmers. Once we get some repetitions with our new systems and observe demand we'll be in a better position to address this. In the meantime if parents and those under 18 could be patient we'd be grateful.

Reservations - We've found software for lane reservations, but we cannot implement it in time for this weekend so it will launch next week. In the meantime call 434-817-0534 to reserve a lane. Sessions are 45 minutes each and start on the hour. By the 50 minute mark swimmers will need to clear the pool area. You can swim less than 45 minutes if you wish. However, if you do not arrive at your start time we will assume you are not coming and give away your reservation. If you leave a message after hours we'll check at 6:15am. Now until when we have the online reservation system operational your reservation is not confirmed until you speak with a human or hear back from a human.

What If I'm slow? - It doesn't matter. The lane is yours. Relax and be healthy.

Adult Pool, Baby Pool, Family/Recreation Swim? - These are all still illegal. By law we can accommodate only swimmers in the pool area and they must be there only to swim laps. No lounging, reading, tanning, etc. is not yet legal. But this is a good step in the right direction. Help us make it successful and keep it within bounds.

Bathrooms - Swimmers can use the pool bathrooms. We'll sanitize after use.

Fees and Limits - No cost for fitness swimming. Limit is one reservation per person per day to start. If we need to later ration we will revisit.

Dining To-Go or Delivery

Lunch & dinner [menus](#) available for delivery and takeout, 11:30-8, Tue-Sun. Call 817-0507 or order [online](#). This week's family-style specials:

- Linguini Carbonara with House-smoked Salmon
- Mushroom-Chicken-Rice Casserole
- Serves 4 (\$30) or 6 (\$45), salads & desserts optional, allow 45 minutes.
