

Member Update

For safety, the golf course and cart paths are for golfers only. We encourage all outdoor exercise, and for non-golf activities please use sidewalks or the Glenmore trail system. We appreciate the cabin fever and temptation, but we really don't want any injuries.

Mother's Day To-Go - LAST CALL! - This year is a good year to be extra thankful for family. Treat mom to a special meal at home, with us doing the cooking. The menu features quiches, desserts, salads and sides, plus a Local Chicken with Mushroom Stuffing and a Shrimp & Herb Crusted Roast Salmon. [Order online](#) by 5pm on Thu 5/7.

UPDATED! Dining To-Go or Delivery - Lunch & dinner [menus](#) available for delivery and takeout, 11:30-8, Tue-Sun. Call 817-0507 or order [online](#). This week's family-style specials:

- Vegetable Lasagna with a Parmesan Cream Sauce
- Braised Pork Enchiladas with Yellow Rice
- Serves either 4 (\$30) or 6 (\$45), salads and desserts optional, allow 45 minutes lead time.

Cart Rules Reminder - One silver lining to these COVID-19 influenced times has been seeing communities come together for the greater good. Please keep that in mind as it applies to the golf course. Unrepaired ballmarks affect us all. Same with the cart damage caused by disregarding posted daily cart rules and/or common sense etiquette. Cart policy violations are subject to disciplinary actions including fines and suspension of privileges. The only thing we want less than to impose such penalties is to see the course damage done by a few affecting the enjoyment of all.

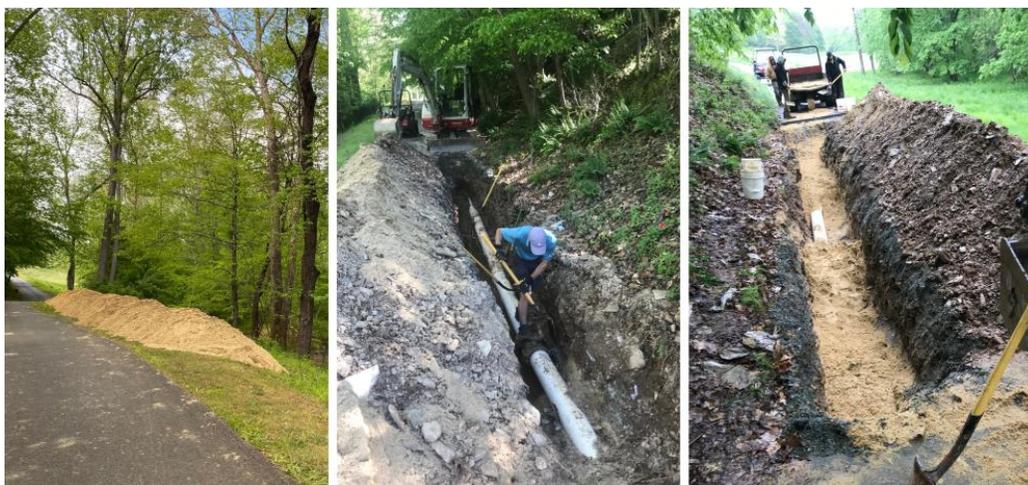

Memorial Day Stableford - Mon 5/25 - Our first socially-distanced tournament. Make your own tee times, play with your own groups, turn in your card after you finish and watch the website for results. Men's and ladies divisions, points for gross scores, plus handicap and tee adjustments. \$10 entry fee, email [Jack](#) to sign up. Save the date for the **Ladies Member-Member**, Sat-Sun 6/27-28.

NEW! On Course Food & Drink Delivery - Visit the club website (or bookmark [this page](#)), order from your phone, enter the hole you're on, and we'll deliver to you on the course. Available 11:30-5, Tue-Sun, when weather permits.

NEW! Touchless Golf Ops Tipping - The golf operations hourly team is cleaning and sanitizing carts and range balls among other things. The only way to tip them until now has been cash, which is understandably out of favor. Glenmore is beta testing a tipping app called [Tack](#) which was developed by a team at UVA Darden. We are the first golf course in the country to use this technology. There are two ways to tip, QR code or online. Future iterations could include credit card and/or member number storage, along whatever other ideas our members come up with. [Give it a try](#).

Golf Instruction with Bill Fedder - We're reintroducing lessons on a trial basis, with limited availability, as we figure out and adapt systems to keep both student and teacher safe. If you're interested, email [Bill](#). Individual lessons only, and ages 12+ only to start with. A list of new precautions and procedures is [here](#).

Superintendent's Update - We've repaired a break in the course's main irrigation line, under the cart path between 3 and 4. Running right along Carroll Creek, that's a particularly rocky area, both above and below ground. Over time, with shifting and settling, those rocks eventually cracked the line. When we reburied it we encased it in a large volume of sand which will protect it from rocks in the future, allowing the ground to shift around it without damaging the line. Below left is the pile of sand we trucked in, then the pipe being repaired, then refilling with sand.

Fitness - There is still space open in our outdoor fitness classes. Schedule and sign up info [here](#). All classes are currently complimentary.

NEW! Demo Tennis Equipment - New demos are now available. Equipment will be disinfected prior to and following member use and must be checked out in advance. For more info email [Mark](#).

Personnel Update - Tyler Rae Collinson will be leaving the club for a position in the tech world. We'll miss her and wish her well. Kaitlin Moran moves into Tyler Rae's position. Email [Kaitlin](#) with any questions regarding events at the club.

New Member Spotlight - Welcome Peter and Diana Freeman. They're active retirees and world travelers who recently downsized. Peter worked for World Bank, Diana is a former educator who also teaches ballet, piano and "Le Blast," a Dancing with the Stars themed fitness class. The Freemans have six children between them, spread across five countries. Temporarily grounded, they'll spend their time hiking, biking and enjoying a nice meal with a good bottle of wine.

Suggestions are always welcome at:
