

## Member Update

### *Masks*

Spiking cases in Hampton Roads have prompted increased spot checks on businesses with the sword of Damocles hanging over liquor licenses and health permits. We long for what we no longer have, but above all do not want to lose what services we can now provide. We're grateful for the support and cooperation from our membership during this tough time and respectfully ask us all to be especially mindful now with the spotlight a bit brighter. You can help by paying attention to social distancing and also wearing a mask in the buildings when you are not at your table to eat or drink. The front hall is sometimes interpreted as an short walk and therefore an extension of "dining." Please consider how a health inspector would define it and the fallout associated with being "that person" cited in a report leading to consequences vs. the minor nuisance of wearing a mask for that short walk. Many of you have remarked to us that if you have to suffer this pandemic, Glenmore is a good place to do it. It couldn't be that way without your support. Let's keep it up!

### *Non-Golfers on the Golf Course*

We love pets and kids, but the golf course is not the place for family play time with pets and kids. It's not safe and it can be damaging to maintained turf. If you see someone in the way of danger on the course please call the Pro Shop at 434-817-0502 and we'll send someone out.

**NEW - Superintendent's Update** - We've had 20+ consecutive days with high humidity and highs above 90° with more on the way. These conditions stress turf, especially greens, and when turf is stressed it more easily succumbs to pathogens. We've been seeing some pythium root rot creeping in, especially on #5. We're applying fungicides as needed and monitoring closely. Pythium root rot is what we battled for a good chunk of last summer and we're using what we learned last year to be more proactive and aggressive in our treatments, however, working against us, is conditions which are more extreme this year than last.

**NEW - Club Championship** - The Men's and Ladies Stroke Play Club Championship is Sat-Sun 8/15-16. Sign up deadline is noon on 8/13, email Jack to register. The Men's Championship will be from the Blue Tees, but there will also be competitions from the White and Yellow tees. The Ladies Championship will be from the Red tees, with additional competitions from the Combo and Green tees. Tee times on both days begin at 9am with pairings by handicap.

#### Pool

- It can be tempting to over rely on the sanitizing properties of the swimming pools, but please keep social distancing outside your household. We appreciate you considering your health, the concerns of other members and our team, and also the high visibility of the pool

area in the event of a health inspection given the heightened enforcement coming. No one is perfect, but we're very proud of how our membership has handled things to this point and appreciate your continued support.

- All three pools are open. Pandemic restrictions now lifted on bringing normally permitted pool toys.
- Reservations required, call 434-817-0534 to reserve a time slot. One per family per day please. If you'd like to stay beyond the ending of your time slot you can if there is space available in the following time slot.
- Members are permitted to bring guests within the same family--son, daughter, grandchildren, in-laws, etc.--and house guests. Non-family member guests are not permitted at this time. Cost per family guest will be \$5 per visit for any guests ages 2+. Pool passes are not available at this time.

### *Tennis*

We're seeing some complacency as the pandemic drags on and state regulations loosen, but our **single-touch ball rules must be followed, no exceptions**, if we're to prevent any potential community spread of COVID here in Glenmore.

- Each player is required to bring their own can of balls. Tennis balls and cans need to be marked by their respective owners. Players can also use different numbered tennis balls to distinguish one from another.
- When serving, each player uses only their own balls to serve, with the balls of other players kept in their respective cans.
- During play, the only person allowed to touch any of the balls is the server whose balls are in play. If a player other than the server wishes to retrieve a ball, that player is prohibited from touching the ball with their hands; they can only pick up the ball using their racquet and shoe, and they must return the ball to the server using only their racquet, taking care not to touch the ball with their hands. **This rule is no different for those wearing gloves.**
- At the conclusion of play, be sure balls are returned to their proper cans.
- Members in same household playing alone may continue to share equipment, tennis balls, etc.
- Members must bring their own water and personal use towels.

### *Fitness*

- The Fitness Center is open 24/7. Capacity is limited to eight members downstairs and four upstairs.
- Members need to bring their own water and personal use towels--the towels in the fitness center are used for machine/equipment cleaning only.
- Use of the provided cleaning solution is mandatory after every use, no exceptions.
- [Email](#) yoga/meditation instructor Holly Hedstrom if you'd like to be on her contact list for occasional pop-up [silent walking meditation](#).at sundown.

**NEW - Masonry Repair** - The brick work on the Ballroom patio is complete (below left). Next we'll be re-pointing the brick walkway by the main entrance to eliminate a potential tripping hazard (below right), in addition to improving aesthetics. Please be mindful of workers in that area. We've also added a slight slope to smooth out an area where tree roots had lifted up the concrete sidewalk, again to eliminate a potential trip hazard (center).

**NEW - Parties & Special Events** - We're excited to again be booking outdoor events for up to 250 guests and indoor events for up to 125 guests, following current best health practices. We can also cater smaller gatherings, either at the club or in your home. Email [Kaitlin](#) for more info.

**NEW - Member Spotlight** - Welcome Filardo family! Originally from Clarkdale, AZ they closed on a house in Glenmore last week. Jodie is the Community Development Director for Albemarle County and Al is retired after a career spanning engineering, education, management and consulting.
