Golf

NEW - Superintendent's Update - A few of the greens were struggling a bit before aeration, most noticeably #5 and 11, and those and several others have been struggling since. While we had good weather during aeration, the weather has been poor for recovery afterwards, with occasional high temperatures and 6+" of rain. We're monitoring them closely, handpicking goosegrass, applying fungicides, leaving mowing height high, and alternating between mowing and rolling to encourage horizontal growth. We've been in touch with the teams at Farmington and Keswick and they're seeing similar green stress so we're all comparing notes as to what works best. You can help us by repairing ball marks and being patient as we work through troubleshooting and recovery on the weaker greens, which may necessitate differing conditions or maintenance beyond what we've described. Rest assured we're doing everything we can to get them back to where they should be.

NEW - Labor Day Golf - We had winners on 6 out of 18 holes and we saw not one but TWO eagles on par 4s! Congrats to: Doug Lischke (birdie on #4), Andy Anderson (birdie on #7), Bill Curry (eagle on #9), Jeff Richardson (eagle on #13), Ron Baellow (eagle on #14), and Tom McLaughlin (eagle on #15).
